Assessment committee minutes
March 10, 2017

Minutes were approved with corrections

Susan presented the Mapping to the rubric concept to LAS and they found it confusing. She’ll be available in her office in April. There are step by step instructions in Taskstream also.

Susan suggested that the Assessment committee needed to see the Assurance argument section that applied to Assessment (4b) and asked Linda to send it out.

Susan reported that 50% of programs have their outcomes connected to their goals.

Susan has met with these departments:

- School of Education
- CLAS
- Centers in Business

Areas that have not met with Susan:

- Center for Online Education
- MLS
- MAC office
- Sustainability

Website discussion – what do we want and need on the webpage. Linda will discuss what to do with archival material with Scott Opasik
