

Curriculum Mapping

In the program that you are working in under Standing Requirements click on Curriculum Map

Click orange tab "Create New Curriculum Map"

Type in New Map Title

Type Description

Select goals or objectives that align with your curriculum map

In the pop up window you can add courses to the curriculum map and align them with the goals and learning objectives.

To do this:

Click Mapping Actions in the top right hand corner

Click Create New Course Activity

Type Course/Activity ID

Type Course/Activity Title

Type Description (optional)

Click Create

Once you have the courses entered, you can click in each field area to put I, P, or M in respectively.
